The Max Bergmann Center of Biomaterials Dresden (MBC) was jointly established by the Technische Universität Dresden, Institut für Materialwissenschaft and the Leibniz-Institut für Polymerforschung Dresden e. V. in April 2002. Since then, researchers of the MBC have actively contributed to the Excellence Cluster for Regenerative Therapies Dresden (CRTD), the Dresden International Graduate School for Biomedicine and Bioengineering (DIGS BB), the Innovation Center for Molecular Bioengineering B CUBE, several priority programs of the German Research Foundations and many more initiatives.

On the occasion of the 10th anniversary, the Association of Supporters of the Max Bergmann Center will honor the *Outstanding Thesis Award* and the *Best Thesis of the Max Bergmann Center* for the first time.
